How To Make It

1. Download and print the coffee cozy patterns [HERE](#). Cut out, trace onto chipboard and cut out again. Trace cozy pattern on to Kunin Premiumfelt White, trace horn pattern on to Kunin Classicfelt Gold and trace inside ear pattern on to Kunin Classicfelt Baby Pink with MONO Drawing Pen 05. Cut out all pieces with scissors. TIP: Remember to cut **INSIDE** the lines for a neat and clean finished project.
2. Outline Unicorn Horn with glitter glue and set aside to dry. Attach Baby Pink inside ear pieces to center of ears with hot glue.
3. Draw closed eyes, eyelashes and nostrils on Unicorn with MONO Drawing Pen 05. Add rosy cheeks with Dual Brush Pen 723 Pink.
4. Die cut flowers and leaves from the Sizzix Bigz XL Die – Laura Kelly Mask, Forest using Kunin Classicfelt Fuchsia, Olive Green, Violet Sky and Lagoon. Attach flowers and leaves to the top of the Unicorn with hot glue to form a crown. Attach adhesive half pearls or rhinestones to the center of each flower. Attach the horn to back of the Unicorn, centered between the ears.
5. Cut hook and loop self-adhesive Fastener Tab in half horizontally. Peel back liner paper and attach cut side of first half tab to top edge and cut side of second half tab to bottom edge of cozy. Peel back second liner paper, wrap cozy around coffee cup and press firmly to adhere.
