

# Happy Daisy Wreath

Beth Watson

**Level:** Beginner

**Time:** 2 Hours

## Supplies

- 6** – 9"x12" Craft Cut of Kunin Classic in White  
(Amount will vary depending on desired fullness - Wreath shown uses 3-4 Craft Cuts)
- 1** – 9"x12" Craft Cut of Kunin Classic in Ocean Blue
- 1** – 9"x12" Craft Cut of Kunin Classic in Apple Green
- 1** – 12" Grapevine Wreath
- 1** – Sizzix Big Shot Machine
- 1** – Sizzix Bigz Die Set: Tattered Florals
- 1** – Sizzix Bigz Die Set: Tattered Leaves
- 1** – Pair of Scissors
- 1** – Hot Glue Gun (with glue sticks)
- 12-18** – Buttons in Shades of Yellow
- 10-12** – Buttons in Shades of Light Blue

## Directions

- 1.** Die cut two large daisy shapes from white felt using the tattered florals die with the Sizzix Big Shot machine to layer together for each flower. Trim the felt to size with scissors and cut four layers of felt at one time. You will need between 28 and 30 daisies depending upon how full you want your wreath. You should be able to get 4-6 flowers per Craft Cut. I added 14 daisies to my wreath. (Figure A)
- 2.** Die cut 10-12 of the mini daisies from the ocean blue felt to fill in the smaller spaces and create another layer of texture. (Figure B)
- 3.** Die cut 10-12 leaf shapes from the apple green felt to accent the white daisies and give the wreath a more realistic look. (Figure C)
- 4.** Layer two daisy shapes on top of each other, securing in the center with hot glue. Add a yellow button to the center of each large white felt daisy. Attach a light blue button to the center of each small ocean blue daisy with hot glue. (Figure D)
- 5.** Begin assembly by attaching the large daisies in a random order around the wreath with hot glue. (Figure E)
- 6.** The leaves are a bit large, so cut them in half to become the perfect size to tuck under the petals of the daisies. Secure each leaf with hot glue. (Figure F)
- 7.** Fill in the remaining blank spaces around the wreath with the small ocean blue daisies. (Figure G)
