3. Glue a square to cover the hole on the back. (Figure D)
4. Cut a strip of felt (1/2 inch by 12 inches) and roll it then glue it closed. Glue it to the center of your flower and use a rubber band to hold it together until it dries.
5. Hand cut with scissors a green stem and add it with glue. Glue a pin to the back. If you want to wear the pins right away, this activity would need to be done with hot glue.
